EU Type Examination Certificate

No. CE 729531

Product Specification

Product Name: PRE Shield.

Product Type: Eye protection for use by healthcare professionals – full face-shield.

Model Range: PRE Shield Faceshield.

Models: PRE-KIT-A
PRE-KIT-B
PRE-KIT-A-PRO
PRE-KIT-B-PRO

Technical Specification: BSI 2020/403 eye and face protection specification, Technical Specification to satisfy Annex II of the PPE Regulation (EU) 2016/425

Product Description: The eye and face protectors listed on this certificate are for use by healthcare workers, first responders and other personnel involved in the efforts to contain the COVID-19 virus and avoid its further spread.

The PRE-Shield range of re-useable face shields comprises 4 models each made up of a clear visor attached to an adjustable head strap. The range is supplied in component form for user assembly.

The visor used in PRE-KIT A models incorporates a folded section so that the chin and neck protection does not compromise mobility whilst the shorter visor used in the PRE-KIT B models does not have such a feature. The visor material for the PRO models is different to that used for the non PRO models.

The product covered by this certificate is not approved for industrial applications and the certificate is only valid as long as EU Commission recommendation sheet 2020/403 remains applicable.
